And he said "Yeah I am gonna tell her" and I started crying and he called me a cry baby 😭 and again this morning I went to go say good morning he almost chased me out of his room saying he was so mad at me and I'm so annoying and then before he left to go to work he came to my room and looked at me with this very scary/angry face on and left my room he didn't even say goodbye and then when I was down with school I texted him that I got on
