Charley last night was acting like she was crazy. She was screaming at the top of her lungs because we were discussing ice cream and what time it closes and jojo and I said we bet you Charley it closes at 9 ad Charley said it closes at 8 and so she searched it up and it said it closes at 9 and she said that she was right and jojo and I said we were the ones to geuss 9 and she screamed so loud and at the top of her lungs then when we had to go to the living room she snatched jojos iPad away from her and jojo got up and went over to her to try and grab it back and Charley smacked jojo on the side of her head with the iPad and then when Charley denied it she started calling Joann a stupid fat liar and stomped upstairs and started slamming her door on purpose

Hi mommy yesterday daddy was being really scary! We went to go to the act to the vet and when we got there he asked me to go inside and ask some strangers and say "hi do you know where I should bring the cat" I didn't want to because like I'm 11 and I had no clue how the people in there were so he started yelling and screaming and saying " you guys are so ungrateful and worthless you can't do anything for me " and he slammed the car door and when he got on the phone like and hour later when we were still waiting to bring that cat I he started yelling at the person on the other line I miss you so much please come home !!

Ally: because you have been exposed, you are required to stay in the house even though there are two people who are sick. Those are the rules of New York State. There is no help I can give you for this . I will send an email to Dad about the food issue.

Ally I want to meet with you soon. We will have to wait until your quarantine is over.

Hi mommy it's ally
I got in trouble because I send you emails!
Wanna know how?
Because daddy invaded my privacy he goes through my text and my emails!
It's really unfair. And mommy can we see you on thanksgiving and on Christmas Eve? Please???
Pretty extra please with sugar on top and cherries on top???
Daddy said we can't stay with you but I really want to be there with you!
And just so you know and don't forget,
I want to live with you forever and ever and ever!
Dad saw the email where I wrote that and he said "are you sure you want to live with here even after she did everything to you "

I have no clue what he is talking about!
Please help mommy!!!! I want to stay with you and live with you. I don't care if people say bad stuff about you (which I know isn't true) I want to be with you!

Please please please please please please!!! 😞😞😞😞😞😞

Love ♥ ally

P.S. - PLEASE
