**Subject:** **Kassenoff v. Kassenoff**

It has come to the court's attention that Ms. Most's associate, Ms. Christine Paska, who was working in the Westchester County District Attorney's office, Special Prosecutions Division, until on or about June 24, 2022, was the attorney assigned to prosecute the case against Mrs. Kassenoff, which was ultimately dismissed. The apparent conflict this presents is of grave concern to the Court. Ms. Kassenoff is hereby given permission to supplement her extant motion for Ms. Most to be relieved.

She is to submit such supplemental motion by close of business Tuesday, September 6, 2022 with notice to all parties. Answering papers are to be submitted to the Court, with notice to all parties, by close of business September 13, 2022. A reminder to the parties that there is no stay in the ordered access and it should continue as ordered by the Court. However, the determination of ALL matters, including the forensic report, shall be suspended until determination of this motion. Accordingly, the return date for the OSC of September 13 is cancelled until further notice. No party or attorney shall discuss with the children the pendency of this motion or the relief sought.
