I think the Judge was clear that she has only 2 visits per week. I'm sure Koba would allow a make-up, but we should ask for guidance first. Carol?

Gus and Carol,

Do we have to agree to make ups? Each and every time Catherine has access to the girls, she causes more and more damage. I can't imagine how much harm she will cause seeing them back to back days (and three times in a single week).

Ms White,

Glad you are doing ok and thank you for offering additional dates. Both of those work well for me.

Catherine

Good morning,

I am thankfully doing well and with very minor symptoms of Covid. I plan to be retested on 1/23 and will let everyone know how that comes out.

I can offer a makeup visit on 1/31 (timing is flexible) and on 2/7 any time after 2pm. Please let me know as soon as possible if this will work for you and the preferred time.

Sincerely,
